Guess what...

We've got big news! For the second time, NordicClick has been named to **Minnesota Business Magazine's 100 Best Companies To Work For in 2016**. We are blown away by such an honor, knowing our home state has no shortage of fantastic companies to work for!

What does making this list say? In short, it says NordicClick is full of people who love their jobs. This is based on anonymous employee feedback regarding work environment, benefits, and overall employee happiness. We subscribe to the philosophy that if you're going to spend most of your week there, work had better be enjoyable. (Bonus points if it's got a lakeside view... but who's counting?)

To our dedicated clients, thank you. It's no secret: we would be nowhere without you. You play a pretty big role in that happiness factor, so give yourselves a pat on the back. It is a joy to partner with you in reaching your digital goals. Know that this type of recognition does not cause us to sit back and relax; it only spurs us on.

Here's to another year of working hard and having fun!
